PETITION PURSUANT TO 37 CFR 1.47

Dear Sir:

Your Applicants, WorkSafe Technologies, hereby petitions the Commissioner pursuant to 37 CFR 1.47(b) to make applications for patent on behalf of and as the agent for the sole inventor, Zoltan A. Kemeny, who cannot be reached after diligent effort.

PROOF OF PERTINANT FACTS

The present patent application, Serial No. 10/522/211 was filed January 14, 2005, and claims priority to PCT Patent Application No. PCT/US03/21930 having an international filing date of July 15, 2003. This international patent application, in turn,

11/28/2005 ATRAN1 00000042 210890 10522211

01 FC:1463

200.00 DP

claimed priority to U.S. Provisional Patent Application Serial No. 60/396,228, filed July 15, 2002.

On July 28, 2003 in conjunction with the filing of the PCT/US03/21930 application Mr. Zoltan A. Kemeny, the sole inventor of the invention claimed in these patent applications, signed a document entitled Appointment of Common Representative. In this document Mr. Kemeny appointed Vistek, Inc. as the common representative before all the International Authorities. Furthermore, in the paragraph, just preceding Mr. Kemeny's signature the document states in part: "I have assigned all rights to the above invention to Vistek, Inc., and therefore have no rights to said invention." This Appointment of Common Representative is hereto attached as Exhibit A to this Petition.

At the very least this document therefore provides evidence, affirmed by the inventor's signature, of a pre-existing oral assignment by Mr. Kemeny to Vistek, Inc. of all his rights in the invention disclosed and claimed in the PCT application. Actually, Applicants submit that this document actually comprises an express written assignment of such rights in and of itself.

On November 5, 2003 Vistek, Inc. assigned its entire interest in PCT/US03/21930 to True Gravity Enterprises by way of an assignment document signed by Mr. Paul Attaway, President of Vistek, Inc. This assignment was filed during the pendency of the parent of the present application before the PCT. This November 5, 2003 assignment document is hereto attached as Exhibit B to this Petition.

On August 2, 2004 True Gravity Enterprises assigned all its right, title, and interest in two patents and one patent

application (the patent application was the parent PCT/US03/21930 application) to Worksafe Technologies, the present Applicant. The assignment document was again filed during the pendency of the parent of the present application before the PCT. This August 2, 2004 assignment document is hereto attached as Exhibit C to this Petition.

The present patent application, bearing Serial No. 10/522,211, was filed as a National Phase application from the PCT application, and has a filing date of January 14, 2005. On October 10, 2005 a letter enclosing a Declaration prepared for Mr. Kemeny's signature was sent to his last known address:

Mr. Zoltan A. Kemeny  
1809 E. La Vieve Lane  
Tempe, AZ 85284

On October 14<sup>th</sup>, 2005 the undersigned sent a second letter, containing an Assignment document required in the prosecution of the Canadian counterpart to the present application, to the same address.

Having received no reply to either letter, the undersigned on November 7, 2005 sent a third letter to Mr. Kemeny, this letter again containing copies of both previous documents. This third letter was send by certified mail. No reply to this letter has been received, and no receipt has yet been returned. Applicants hereby enclose copies of these three letters as Exhibits D-F, respectively.

Applicants therefore hereby petition the Commissioner to permit WorkSafe Technologies to act as the representative and agent

of Mr. Kemeny pursuant to 37 CFR § 1.47, to accept the enclosed evidence and Declaration of WorkSafe Technologies, and to permit the present application to proceed to examination.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Carlos A. Fisher', written over a horizontal line.

Re: U.S. Patent Application Serial No. 10/522,211, assigned to WorkSafe Technologies  
Our Reference No. D-3184

Dear Mr. Kemeny:

I am again writing you on behalf of our client, WorkSafe Technologies. My apologies for not having enclosed the following documents with the Declaration I forwarded you with my letter of October 10, 2005.

The Canadian Patent Office has required that a fresh, Canada-specific assignment document be executed in the above-referenced patent application. Additionally, I have enclosed a second assignment document that will hopefully suffice to meet the formalities of the rest of the world in the event such other assignment is required by another patent office in the future.

Kindly execute each document before a notary public and return one fully executed version of each to me in the stamped-self addressed envelope provided. If there is a cost associated with obtaining a notary's signature please let me know the amount when you return the documents and we will reimburse you.

Sincerely yours,

Carlos A. Fisher

Re: U.S. Patent Application Serial No. 10/522,211, assigned to WorkSafe Technologies  
Canadian Patent Application  
Our Reference No. D-3184 and D-3184 CA

Dear Mr. Kemeny:

I am truly sorry to need to bother you again, but I have not received a reply to my letters of October 10<sup>th</sup> and 14<sup>th</sup>, 2005 in which I enclosed a copy of a declaration and an assignment, respectively, for your signature. I am again writing to you on behalf of our client, WorkSafe Technologies, regarding the above-referenced patent application. These documents are absolutely required by the two patent offices, and we will need to respond to the U.S. requirement by November 15, 2005; the Canadian response is required by February.

I have enclosed both documents for your execution. Kindly review these documents and then sign and return them in the stamped, self-addressed envelope enclosed. If there is a cost to you, such as for the notarization required for the assignment, please let me know and we will reimburse you. Additionally, if you have any questions regarding the document, please feel free to contact me.

Best wishes,

Carlos A. Fisher
